## REQUEST FOR RECONSIDERATION

Mail Stop Petitions  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

This Request for Reconsideration is in response to the Decision  
mailed January 6, 2004.

Statement of the Facts:

The above-referenced application was abandoned for failure to  
respond to the Final Office Action dated February 14, 2003 within the  
six-month statutory period ending August 14, 2003.

On August 14, 2003, a massive power outage occurred across much of  
the north-eastern United States, including the office of Ido Tuchman.  
Power was not restored to the office of Ido Tuchman until August 15,  
2003.

On August 15, 2003, a Request for Continued Examination, Amendment  
and Response to the Final Office Action, and proper fees were filed by  
Express Mail. A Declaration in Support of Petition to Revive Abandoned  
Application signed by Ido Tuchman and filed August 18, 2003 states, in  
part:

7. The blackout prevented me from printing and filing by  
Express Mail the Request for Continued Examination, Amendment and  
Response to Final Office Action, and associated papers on August  
14, 2003.

8. But for the blackout, I would have printed and filed by  
Express Mail the Request for Continued Examination, Amendment and

Response to the Final Office Action, and associated papers on August 14, 2003.

Response to Decision:

According to 35 U.S.C. § 133, "Upon failure of the applicant to prosecute the application within six months after any action therein . . . the application shall be regarded as abandoned by the parties thereto, unless it be shown to the satisfaction of the Director that such delay was unavoidable." 35 U.S.C. § 133 (emphasis added). Petition may be taken to the Director in cases in which a statute or the rules specify that the matter is to be determined directly by or reviewed by the Director. 37 C.R.F. § 1.181.

In the Decision, the Examiner found that the practitioner's statements in paragraphs 7 and 8 negate the attempt to have the correspondence accepted as timely due to postal service interruptions. Decision, page 2. The Decision adds, "Specifically, the practitioner acknowledges that other exigencies, such as the unavailability of computer equipment precluded the timely filing of the correspondence." Id.

The Applicant agrees that the power outage of August 14, 2003 created other exigencies beyond USPS service interruption, such as the unavailability of computer equipment that prevented timely filing of correspondences in the present application. Nevertheless, it is respectfully submitted that these other exigencies resulted in unavoidable delay of prosecution within the purview of 35 U.S.C. § 133. Furthermore, 35 U.S.C. § 133 provides the Director with the authority to revive applications that would otherwise become abandoned as a result of such unavoidable delay. In view of the above remarks, the Applicant requests reconsideration of the petition under 37 C.R.F. § 1.181 and that the holding of abandonment in the present application be withdrawn.

Respectfully submitted,

Dated: February 13, 2004
